An accurate, efficient and professional Time Recording Solution

In a busy law practice, accurate and reliable time entry is essential for ensuring client satisfaction and profitability. DTE Axiom, the flagship product of Advanced Productivity Software, is an efficient and flexible time entry system that meets the needs of everyone in your organisation including fee earners, legal staff, financial officers and IT administrators.

DTE Axiom enables:

- Timekeepers to quickly access the system from anywhere and at anytime
- Accurate and easy time recording via BlackBerry
- Time recording without connecting to the Internet or in low bandwidth, high latency environments
- Full integration with any Practice Management System
- Quick and easy reporting

DTE Axiom key benefits include:

- Familiar calendar view interface with advanced drop-down menus
- Built-in TimeSaver timers to track, review and submit time entries without interrupting workflow
- Nicknames, user-defined codes, templates and automation features to simplify repetitive tasks and speed up data entry
- Customised Crystal Reports and HTML report formats that integrate with financial software to simplify administrative tasks and reduce overhead costs
- Ethical wall features combined with multi-level and multi-tiered security to work securely from home, Wi-Fi hotspots or inside client networks

Driving Business Efficiency Through IT

The screenshot displays the DTE Axiom software interface. The main window shows a calendar for January 2009 with time entries for various days. The interface includes a ribbon menu with options like 'Change Timekeeper', 'Switch Server', 'Change View', 'Invoke Timesaver', 'New Entry', 'Filter', 'Templates', 'Mark Day', 'Release', 'Daily Time View', 'Print Entries', 'Print Calendar', 'Transfer', 'Day', 'Month', 'Year', 'Unreleased', 'Pending', 'Goal Tracker', 'Caption HERE', and 'Word Launch'. Below the calendar is a summary table for the month of January 2009.

Month Totals	Unreleased:	Released:	Converted:	Billable:	Non-Billable:	Pro Bono:	Total
	42.71	6.25	39.15	64.71	21.00	2.40	

Two 'TimeSaver - demo' windows are open, showing a list of activities with their running and total times. The first window lists activities like 'Meeting', 'Court', 'Working Lunch', 'Meeting with Mr Clark', and 'Lunch with Judge'. The second window shows settings for the TimeSaver feature, including 'Opacity', 'Fade out time', 'Button size', 'Keyboard hotkey', and 'Mouse activate'.

DTE Axiom presents a familiar calendar view yet incorporates the look and feel of Microsoft Office 2007 with the newly implemented ribbon tool bar and tabs. The TimeSaver feature allows the user to easily track activity as it occurs.

Phoenix is a leading provider of software solutions and IT consultancy for professional services firms. We aim to enhance a firm's efficiency by providing the right information to the right people at the right time.

Advanced Productivity Software provides scalable, reliable time tracking and cost recovery software that makes it easier to capture more time, enabling your firm to quickly track and assess activity that improves your bottom line.
